# Citizens Memorial Healthcare

To Our Employees:

As an expression of our appreciation for your contribution to our success, we are pleased to provide a variety of insurance benefit options to help meet your needs and the needs of your family.

We also understand that insurance benefits can sometimes be confusing. And it can be hard to quickly find answers amongst the mounds of paper insurance companies generate. To better communicate our benefits we have prepared a **Benefit Program Overview**. This booklet provides a brief description of the insurance benefits offered to you as an employee of Citizens Memorial Healthcare. We hope you find the information in this booklet to be a helpful overview of your insurance plan options. Please keep in mind that the content is not all-inclusive and is not intended to be a legal document. If you need more detailed information on insurance benefits that you may be entitled to receive, consult the actual plan documents which are available from the Human Resource Department.

Once again, thank you for your contribution and should you have any questions or comments, please contact Sasha Winder, our Human Resources Benefits Specialist for assistance.

**Donald J. Babb** Chief Executive Officer/Executive Director

# Eligibility

Full-time, part-time, and Contract-D employees are eligible for benefits the first of the month following date of hire. Benefits in this booklet, unless otherwise indicated, are effective based upon the above eligibility requirements being met.

If an employee meets the eligibility requirements above, benefits become effective the first of the month after the employee's hire date. Employees are required to complete their online enrollment through Infinity HR within 30 days of coverage effective date. For example, if an employee's benefit effective date is 4/1/2020 then the employee only has until 4/30/2020 to complete their online enrollment. The employee will have to wait until annual open enrollment if they fail to enroll during the required new hire eligibility period.

All employees will be assigned a Healthstream upon hire, after a status change from PRN to full-time or part-time, and yearly during open enrollment. This Healthstream course will help you better understand the online enrollment process. If an employee leaves employment or moves to a PRN status their elected coverages will extend to the end of the month in which they leave employment or change their status.

## Voluntary Term Life Insurance

### Life and AD&D Insurance

Effective the first of the month following date of hire, employees will receive an employer-paid term life insurance policy provided by RELIANCE. The health plan option an employee chooses will determine the life policy provided to that employee (maximum \$300,000). In the event that an employee waives the health option, he/she will automatically receive 1 times his/her annual salary to a maximum of \$100,000. Age reduction schedule applies.

### Accidental Death and Dismemberment (AD&D)

While insured under this policy, if the employee has an accident which results in death or dismemberment, RELIANCE will pay between 25-100% of the principal sum (certain restrictions apply). If an employee dies as a result of an automobile accident while properly wearing a seat belt at the time of the accident, RELIANCE will pay an additional Accidental Death Benefit.

Through Reliance, you may purchase up to 5 times your annual salary (not to exceed \$500,000) in term life insurance. You may also purchase up to half of your amount of life coverage on your spouse and up to \$10,000 on dependent children, in \$2,000 increments.\*

Rates depend on the employee's age, rate of pay, and status (full-time, part-time, or Contract D). Employees can receive a personalized printout with the amounts and cost by contacting Sasha Winder in HR at 328-6622.

During your initial enrollment period you are guaranteed up to \$250,000 on self and up to \$50,000 on spouse. Spouses who are 70 years of age and older are not eligible for coverage. \*\* Any amounts exceeding the guaranteed issue amounts will be subject to medical underwriting and approval.

**In the event an employee chooses not to enroll during his/her initial enrollment period, employees may apply for the additional voluntary term life during open enrollment, but will be subject to medical underwriting and approval.**

\*A dependent child is any child until they reach the age of 26. This coverage will automatically cancel at the end of the month in which they reach the age of 26.

\* Your child age 26 or older, who is unable to be self-supporting by reason of mental or physical handicap and is incapacitated, provided the child suffered such incapacity prior to the end of the month in which he/she attained age 26. Your child must be unmarried, primarily dependent upon you for support, and not eligible for any other type of health coverage (other than Medicaid or Medicare). The Plan Sponsor may require subsequent proof of your Child's disability and dependency, including a Physician's statement certifying your child's physical or mental incapacity.

\*\*Dependents spouse coverage will automatically cancel at age 70. Please contact HR to make sure premiums are adjusted accordingly when a covered spouse reaches age 70.

## Whole Life Insurance

Employees in a requisitioned position of 40 hours or more per pay period have the opportunity to purchase interest-sensitive whole life insurance through Boston Mutual based on their individual needs. Employees may enroll when they have met their eligibility. Coverage is effective the date the application is signed.

This particular policy, in addition to providing death benefits, builds cash value. The policy's accumulated cash value may also be used to buy a smaller, "paid up" policy on which no further premiums are due. Optional riders can also be added to the policy. An Accidental Death Benefit rider could double or even triple your death benefit if the insured is killed accidentally. The Waiver of Premium rider can pay the premiums on the policy in the event that the payer becomes totally disabled before age 60 for at least 6 consecutive months.

Coverage options are available for you, your spouse, children, and/or grandchildren. Choose the amount of insurance or cost that best suits your needs and budget. The cost for this insurance never changes and is available for as little as \$2 per week.

If you are a newly eligible CMH employee, you will have a guaranteed issue for the amount of \$22 per week. Rates are based on the amount of deduction you choose at your age and tobacco use. Premiums are paid, after-tax, through payroll deductions while you are employed by CMH. Coverage is portable, which means you can take your policy with you if you retire or leave the company.

## Short Term Disability

Employees in a requisitioned position of 40 hours or more per pay period have the opportunity to purchase Short Term Disability through RELIANCE.

This disability plan will pay a weekly benefit directly to you in the event of a disability from a covered accident or sickness and resulting in the loss of income.

Maternity benefits are available as long as the employee is still under medical necessity. STD does not cover bonding time under FMLA. Upon becoming disabled, the employee needs to contact Sasha Winder in HR (328-6622) to complete paperwork. If approved, you could receive 60% of your weekly earnings to a maximum of \$1,000 per week.

Disability benefits will begin after a 30 day elimination period. If Paid Time Off hours are not exhausted during the 30 day elimination period, STD benefits will be offset if an employee uses PTO while on a disability claim. Benefits will pay for up to 9 weeks of disability, as long as you qualify as being disabled.

## Long Term Disability

Employees will automatically receive, at no cost, group long term disability coverage starting the first of the month following one year of employment. This benefit is offered through RELIANCE, and pre-existing conditions do apply.

Upon becoming disabled, the employee needs to contact Sasha Winder in HR (328-6622) to complete paperwork for claim approval. If approved, you will receive 60% of your gross monthly salary to a maximum of \$12,000 per month.

Disability benefits will begin after a 90 day elimination period. This program will integrate with any Social Security benefits awarded. Monthly benefits will continue until normal Social Security Retirement Age, as long as you qualify as being disabled.

## Retirement Plan

### CMH Advantage Retirement Plan

Profit Sharing and Matched Savings Plan through Transamerica

#### What is the Profit Sharing Plan?

The organization will automatically contribute an amount of money to your retirement account. The amount is based on a percentage of your annual salary. You must be employed for one year. You must work at least 1,000 hours per year to be eligible. You will enter into the plan either on January 1<sup>st</sup> or July 1<sup>st</sup>, depending upon your date of hire and you must be employed on the last day of the plan year that you entered into the plan to be eligible for the contribution.

#### What is the Matched Savings Plan?

The matched savings plan is a pre-tax payroll deduction that lowers taxable income while putting aside money for retirement. CMH will match up to 1 percent. For example, for every 1 percent you invest, CMH will match .25 of a percent up to 1 percent. All employees will automatically have 4% deducted from their paycheck the first paycheck following 30 days of employment. Employees who do not wish to contribute to the plan must notify Transamerica Retirement Solutions at 1-800-755-5801. Employees can stop contributing, change amount deducted from paycheck and or begin, if initially declined, at any time. There is a Roth option for your 403(b) which allows you to contribute to your account on an after-tax basis - and

pay no taxes on qualifying distributions when the money is withdrawn.

#### How do I make changes to the Matched Savings Plan?

For any type of changes to the retirement plan, employees need to go on-line at [www.trsuretire.com](http://www.trsuretire.com), or call Transamerica's toll free number 1-800-755-5801, or make an appointment with either with the representatives listed above.

#### Can I rollover an existing retirement plan from a previous employer?

Yes. You would just need to complete the required forms which you can obtain by contacting Sasha Winder in the Human Resources department.

#### What is a vesting schedule?

Vesting refers to your "ownership" of your account. You are always 100% vested in your salary reduction (matched saving) contributions including any rollover contribution you have made to the program, plus any earnings generated on those contributions. Employer contributions to the program, plus any earnings they generate, are vested as follows:

Years of Vesting Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

One year of vesting is considered to be 1,000 hours worked in the plan year. Vesting begins from date of entry into the Profit Sharing Plan. Plan years begin on the January or July following an employee's hire date with the organization.

#### Can I withdrawal money from my retirement account?

As long as you are employed with CMH, the only way money can be withdrawn is through a hardship withdrawal and/or a loan withdrawal. **Both options are only available if you qualify for it and certain restrictions apply.** For more information on both, contact Transamerica at 1-800-755-5801.

*If you max out on your 403B and want to contribute more we have a 457B plan available for our highly compensated individuals. Please contact Transamerica if you are interested in this service.*

## Women's Health and Cancer Rights

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHRCA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses;
- Treatment of physician complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the Plan.

## The Newborns' and Mothers' Health Protection Act

Group Health Plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

## Annual Notice

Do you know that your employer's group health plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. Ask your Plan Administrator or call your Plan Supervisor and claims processor at 1-800-824-5034 for more information.
