Please see below for instructions on how to remove a spouse who has gained coverage to your plan. **You must remove your spouse to your plan within 30 days of the date they gain coverage elsewhere.** If you miss the 30 day window to remove your spouse, your next opportunity to remove your dependent will be during open enrollment or a different qualifying event. SPOUSE CHANGES EMPLOYMENT (GAINS COVERAGE) EVENT

Next you will log into the website. The homepage looks like this:

You will click "Update My Benefits" and from the Life Event list, you will click "Dependent Gains Coverage (Remove Coverage)."

Review your information and family. Then make selections, add or remove dependents, or waive benefits as needed, completing each step as you go through the enrollment. Any missing information will deem an event "incomplete" and there will be no update.

It would be beneficial for you to look at the CMH Benefits Guide on the Intranet prior to making your selections. You may also access this Benefit guide on the CMH Intranet page under Employee Info – Employee Benefits – Employee Benefits.

You have **30 days** from the date of your spouse's gain of other coverage to add them to your benefits. If you do make changes to benefits within these 30 days, the enrollment period will lapse, and you will have to wait until Open Enrollment to make changes to your plan.

You will also need to provide documentation supporting the gain of coverage such as: credibility of coverage letter from the insurance company or a benefit confirmation statement showing who gained coverage and the date they gained the coverage. This will need to be uploaded to PlanSource or sent to Human Resources within the 30 days of the life event.

If you have any questions, please contact the Benefits Specialist in the Human Resources department.
