You may roll over your distribution if *all* of the following apply:

1. The distribution is an “eligible rollover distribution”. Generally, any portion of a distribution from an eligible retirement plan or traditional IRA is considered an eligible rollover distribution. The following types of payments generally *cannot* be rolled over to a retirement plan:
 - “Permissible Withdrawals” of initial elective deferrals and earnings from certain special automatic enrollment 401(k) or 403(b) Plans that are withdrawn within 90 days of enrollment
 - Annuity payments for life or joint life expectancy; installments to be paid over a period of 10 years or more
 - Required minimum distributions
 - Corrective distributions of contributions that exceed tax law limitations
 - Excess contributions, excess deferrals, and excess aggregate contributions that apply to 401(k) ADP or 401(m) ACP nondiscrimination tests
 - Distributions to a non-spouse beneficiary unless directly rolled over to an inherited IRA
 - Hardship distributions
 - Loans treated as deemed distributions (for example, loans in default due to missed payment before your employment ends)

Note: After-tax contributions from a qualified plan or 403(b) plan (but not from an IRA) can be rolled over (via a direct rollover) only to another qualified plan or to a 403(b) plan that separately accounts for them or to an IRA.

2. The distribution is from an eligible retirement plan or a traditional IRA.
 - An eligible retirement plan is an employer pension or profit-sharing plan qualified for favorable tax treatment under Section 401(a) or Section 403(a) of the Internal Revenue Code, or a Section 403(b) Tax Deferred Annuity (TDA) plan or a Section 457(b) governmental plan. (*Note: The Transferee retirement plan may not accept all of these types of rollovers. Please check with the sponsor of your new plan.*)
 - Any rollover from a section 457(b) governmental plan to a 401(a) or 403(b) plan may be subject to the 10% additional tax on early distributions when later distributed.
 - A rollover to a governmental 457(b) plan must be separately accounted for by such plan. Please check with Transamerica.
3. One of the statements below describes your distribution.
 - The distribution is paid to you and the rollover is made within 60 days of receipt of distribution. (*Note: After-tax contributions cannot be rolled over as part of a distribution payable by check to you.*)
 - The eligible “direct” rollover distribution is paid directly from an eligible retirement plan or traditional IRA to your new eligible retirement plan. *Sample wording for direct rollover: Trustees of (name of plan at Transamerica and account number), FBO (name of participant and Social Security number). We will advise you on the exact wording of the plan name and account number, and the types of distributions that can be rolled over into this plan.*

For complete information regarding plan payments, penalties, and the associated tax implications if a direct rollover is not elected, please review the Notice: Special Tax Notice Regarding Plan Payments that was provided by your former employer or payor and/or consult your tax advisor. You may be asked by the transferee plan or IRA to provide additional documentation. Check with them in advance.
